

How is Dementia Impacting the Black Community?

An Open Discussion

Friday June 10 | 8:00-10:00 a.m.

Join us for a listening session focused on dementia and the needs of the Black Community. The Alzheimer's Association would like to hear from you:

- How can we better support persons living with dementia.
- What are the challenges/needs of the community for those on a journey with dementia.
- Learn how to access and utilize support available through local programs and services.

More than 1/3 of Black Americans believes discrimination would be a barrier to receiving Alzheimer's care.

Black Americans are 2x as likely to develop Alzheimer's than Whites.

Alzheimer's is the 6th leading cause of death in the U.S.

Only 48% of African Americans feel confident there is access to providers who are culturally competent.
